

## ie Mind Maps for FP7

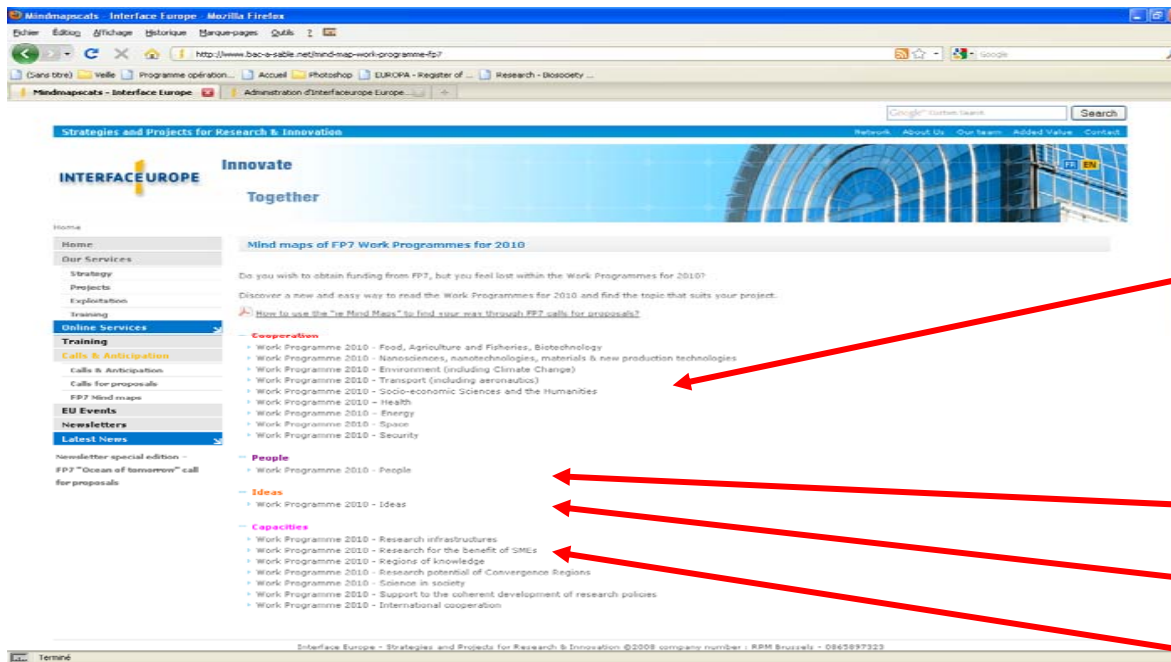

How to use the “ie Mind Maps” to find your way through FP7 calls for proposals?

# INTERFACE EUROPE

1 Update your current version of JAVA

Follow the link: <http://java.com>

2 Select the FP7 Work Programme that better suits your idea of project

Select one of the work programmes:

Cooperation

Health

ICT

Energy

Etc.

People

Ideas

Capacities

# INTERFACEUROPE

The screenshot shows a web browser window titled 'Work Programme 2010 - Information and Communication Technologies - Interface Europe - Mozilla Firefox'. The URL is 'http://www.bac-sable.net/indrap/view/5'. The page content is organized into a tree structure under the heading 'INTERFACEUROPE'. The main menu includes 'WORK PROGRAMME 2010' and 'ICT'. Under 'ICT', there are several challenge nodes: '4.1 Challenge 1: Pervasive and Trustworthy Network and Service Infrastructures', '4.3 Challenge 3: Components, systems, engineering', '4.5 Challenge 5: Towards sustainable and personalised healthcare', '4.7 Challenge 7: ICT for Independent Living, Inclusion and Governance', and '4.9 Horizontal support actions'. To the right of the challenge nodes, there are objective nodes: 'Objective ICT-2009.7.1 ICT & Ageing - FP7-ICT-2009-4 (closed)', 'Objective ICT-2009.7.2 Accessible and Assistive ICT - FP7-ICT-2009-4 (closed)', and 'Objective ICT-2009.7.3 ICT for Governance and Policy Modelling - FP7-ICT-2009-4 (closed)'. A lower window is open, displaying the text for 'ICT for independent living and inclusion'. The text describes societal trends, the need for care and 'well-being participation' in society, and the impact of ICT on the elderly population. It also mentions the increasing political and commercial interests in the field of ICT and the growing rapidly and new value chains are emerging.
